

The Building and Fire Safety Toolkit -  
an Expert Led Panel  
Wednesday 20 July 2022

On 28 June, a number of significant changes introduced by the Building Safety Act 2022 came into force. We will consider these changes alongside the impact they will have on building owners, landlords and developers. We will also consider the impact of the Fire Safety Act 2021, PAS9980 and the Government's Fire Risk Assessment Prioritisation Tool. The seminar will be led by Mark London, along with a host of guest speakers including Steve Cooper of Hollis Global, Gerard McLean of Expert Architect Limited and Noel Pells of PRP.
