

Solicitor

Construction – Contentious – 5-6 yrs PQE

The Firm

Devonshires has been based in the City of London for more than 150 years, in addition to our office in the City, we have offices in Leeds and Colchester.

We are recognised in Legal 500 and Chambers UK as a medium-sized niche firm, specialising in delivering construction, litigation & dispute resolution, corporate, banking, employment, projects and property legal services to clients based throughout the United Kingdom.

Our main client base is Registered Providers and we are ranked as a leading firm for our work in social housing. Over the past few years, we have grown significantly and now have approximately 240 staff and a growing international reach.

The Team

Our Construction team is comprised of 19 (six partners, ten solicitors, one paralegal and two trainees) and is divided into two sub-teams (contentious and non-contentious) operating from London, Leeds and Colchester. About three-quarters of our work is contentious.

Our clients include developers, major corporations, funders, contractors, sub-contractors, construction consultants, local authorities, registered providers of social housing and PFI consortia.

Our work for Registered Providers involves us in some of the largest construction disputes in the social housing sector which are often in the spotlight of the national media. Our team is constantly going from strength-to-strength. Contrary to the approach of other City law firms, we have been joined by four new starters since March 2020. In Legal 500 (2020), our contentious Construction team received outstanding testimonials and moved up a Tier.
